

REMARKS

Claims 1 - 42 are pending in the present reissue application after entry of this preliminary amendment.

New dependent Claims 19 and 31 have been added to the previously patented claims.

Claim 19 and the claims that depend therefrom relate to specific embodiments of the heterogeneous multiple ply tissue paper product described in Claim 1 where both the first and second plies are through air dried paper webs. Support for these claims are found at least at Column 8, Line 60 and Column 8, Line 43.

It is believed these changes do not involve any introduction of new matter. Consequently, entry of these changes is believed to be in order and is respectfully requested.
